Dear Mr. Brown:

I am in receipt of a copy of your recent letter to Dr. Michael Thoburn, President of the Ontario Medical Association. As well, in recent weeks you have sent me copies of other correspondence relating to the treatment (or mistreatment) of persons with environmental sensitivities.

After our initial telephone conversations, I spoke with Rene Maillet of the Commission's Ottawa office. You had indicated that Mr. Maillet had been of assistance to you in the past. Mr. Maillet suggested that the Policy and Research Unit of the Commission should keep a file of information relating to the treatment of persons with environmental sensitivities.

I have sent some of your earlier correspondence to the Policy and Research Unit, and have asked that they open a file on this topic. If there are any other letters or documents that you would like to provide to the Commission for our information, they may be sent directly to the Policy and Research Unit.

Yours very truly

Joanne D. Rosen
